

300w power storage battery

What is a 300W portable power station?

The ALLPOWERS 300W Portable Power Station is the ideal companion for anyone who needs reliable, off-grid power. Whether you're camping, traveling in an RV, or simply looking for a backup energy source at home during power outages, this compact and efficient power station has you covered.

How many devices can a 300W portable power station charge?

The ALLPOWERS 300W Portable Power Station is designed to charge up to 9 devices simultaneously.

How to charge allpowers 300w power station?

The ALLPOWERS 300W Power Station can be recharged in 4 different ways: AC wall socket (5-6 hours) Solar panel (5-6 hours with a 100W panel, sold separately) 12V/24V car cigarette socket (6-7 hours) The wireless charging pad on top of the ALLPOWERS 300W Power Station allows you to easily charge your smartphone without any cords.

What kind of battery does a portable power station use?

Unbeatable Lithium Battery: Our portable power station is designed with a high-quality class-A lithium-ion battery, with a capacity of 296Wh (20Ah/14.8V). The efficiency is still $\geq 80\%$ after 1000 cycles, and the single-cell capacity is 2900mAh. With an advanced BMS system, pure sine wave output provides a clean and stable power supply.

Can a 300w power bank charge two laptops and a phone?

That's especially true of the Prime 300W Power Bank and the Prime Docking Station, which features what the company calls "the first triple display charging dock with stable 8K display output." The Prime 300W Power Bank has enough juice to charge two laptops and a phone at once using its two USB-C and single USB-A ports.

How much power does a 288wh battery support?

The 288Wh battery supports 140W two-way USB-C fast charging. Power all your tech on the go with versatility, no matter the connection type. 15% smaller than similar power stations, attach the strap (sold separately) to easily carry your power. When your journey needs endless charging, do so seamlessly and sustainably with a 100W solar panel.
