

# Acquisition of new energy battery cabinet manufacturer

Does Hitachi energy have a battery storage system integration business?

The battery storage system integration business of Hitachi Energy was also well-experienced with island microgrids, which have been a proving ground for grid-forming applications, the CEO said, making the combination of areas of expertise a suitable one. "I see that happening also in countries like Spain.

Why was Generac acquired?

"This acquisition supports our commitment to offer a more complete ecosystem of products and solutions to domestic commercial & industrial customers, empowering them to achieve their energy objectives with a strong emphasis on resilience, efficiency and sustainability," said Aaron Jagdfeld, president and CEO of Generac.

Why are battery systems important for C&I businesses?

Battery systems are vital for C&I businesses to build a resilient, efficient and sustainable on-site distributed energy system. BESS systems up to 7 MWh are commonly deployed in C&I enterprises, including retail stores, restaurants, office buildings, manufacturing facilities, and healthcare facilities.
