How has the Davis administration reformed the energy system in the Bahamas?

Energy Reform APRIL 2025 Summary The Davis Administration has embarked on the most ambitious and far-reaching reform of the energy sector in the history of The Bahamas. This reform is guided by the understanding that energy is central to national development and that the longstanding failures in the electricity system

What will Bahama's energy system look like in the future?

early defined rules of engagement. Looking ahead, Bahamians can expect their energy system to become more than just functional. It will be a driver of prosperity. As the reforms continue to unfold, citizens will experience more equitable access to services, better value for money, and a greater degree of self-determination over their country

What is securing the Bahamas' energy future?

and focus, discipline, and courage. This document, Securing The Bahamas' Energy Future, is a record of that choice--and a roadmap of the journey we are taking together. It lays out clearly where we started, the obstacles we inherited, and the urgent interventions we made

How long will energy reform last in the Bahamas?

Energy reform over a 10-year horizon. The Bahamas stands apart globally in its commitment to energy equity--providing the same level of reliability and access to its most remote and vulnerable communities

Did Bahamian electricity reforms teeter on the edge of collapse?

transformation was greater still. The reforms that followed were not easy: Stabilizing a Collapsing System By late 2021, it was evident that the Bahamian electricity sector was teetering on the edge of collapse. BPL was insolvent, the generation system was failing, and the grid infrastructure

How does the PPP model work in Bahama?

governance and public accountability. The PPP model is being designed to ensure that Bahamians directly benefit from infrastructure investments. Bidding criteria now include requirements for local workforce training, the inclusion of small and medium-sized Bahamian enterprises, and measurable commitments to invest
