

# Columbia installs solar power generation system

Which company should I choose for solar in Columbia?

Here are the top companies we recommend for solar in Columbia: At Efficient Home Services of Florida, our mission is to save you money. No other home energy company serving Tampa, Orlando, and other communities in the west central Florida area offers the range of cost-saving solutions that we do. Whereas other businesses ...

How much does a 6 kW solar system cost in Columbia?

A 6 kW solar system will cost about \$15,720 in Columbia before incentives. After the 30% federal solar tax credit, this drops to \$11,004, or about \$1.83 per watt. The total cost of a solar system will vary depending on the company you choose, the size of the system, the equipment installed, and how you finance it.

Are solar incentives a good idea in Columbia?

Solar incentives and rebates can cut the cost of installing solar in Columbia by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.

Does a solar installation company offer a warranty?

Any reputable solar installation company will offer a workmanship or labor warranty that covers any damages that may occur during the installation process. We recommend using an installer with at least a ten-year labor warranty. Some installation companies, like SunPower, include a system performance guarantee.

How do I choose a solar company?

Solar companies that are licensed, insured and hold certifications take their business seriously. Look for companies that have NABCEP Certified professionals or certified electricians on staff and are properly insured, so their workers, and you, are protected. Financing options
