

Does Congo Brazzaville use natural gas?

Congo Brazzaville has historically used all of the natural gas it produces for domestic consumption (Figure 2).⁸ A significant amount of Congo Brazzaville's natural gas that is produced is flared (or burned off) as a by-product of oil production or is reinjected into oil fields to aid crude oil recovery.

Where is Congo Brazzaville located?

The Republic of the Congo, or Congo Brazzaville, is a significant regional hydrocarbons producer in sub-Saharan Africa. Most of Congo Brazzaville's hydrocarbons production is located offshore.

Why did Eni build two power plants in Congo Brazzaville?

Eni, the leading natural gas producer in Congo Brazzaville, constructed the two natural gas-fired power plants to reduce natural gas flaring and commercialize more of the associated natural gas produced at its oil fields.

Does Congo Brazzaville have hydropower?

Congo Brazzaville has significant hydropower potential, estimated at 3.9 GW, but only 5% of this power has been developed. Several hydropower projects are reportedly under consideration for development. The status of projects is unknown, and the projects appear to still be in early stages of development or deliberation (Table 3).¹³

What petroleum products does Congo Brazzaville export?

Congo Brazzaville imports and exports several different petroleum products. According to estimates of seaborne trade flows of petroleum products by Vortexa, Congo Brazzaville exported an average of about 8,000 b/d of petroleum products from 2020 to 2023, primarily naphtha, liquefied petroleum gases (LPG), and fuel oil.

What happened to liquid fuel production in Congo Brazzaville?

Total liquid fuels production in Congo Brazzaville reversed its declining trend in the mid-2010s after a number of offshore fields in the N'Kossa Marine area were brought on line, enabling production to reach a decade-high of 347,000 b/d in 2018.

That's exactly what Brazzaville's cutting-edge energy storage initiative aims to achieve. Nestled along the mighty Congo River, this \$330 million project isn't just local news - it's rewriting the ...
