

# Cost price of green base station for Afghanistan communications

The reliance on fossil fuel based solutions has increased the cost of powering the base station. The cost structure in the telecom sector can be divided into direct and indirect costs as shown ...

The turmoil that has devastated Afghanistan since the 1979 Soviet invasion and subsequent 2001 Western campaign against the ruling Taliban has left the country in a fragile ...

In this paper, to minimize the on-grid energy cost in a large-scale green cellular network, we jointly design the optimal base station (BS) ON/OFF operation policy and the on ...

In this work we look into energy outage aware system cost as well as utility of solar-enabled base stations. Hourly harvested energy and traffic dependent hourly consumed ...

Solar-enabled cellular base stations are getting significant attention because they avoid greenhouse gas emission as well as easily available. Dimensioning of base station is a ...

Using the empirical data from a third generation mobile system (WCDMA), it is shown that the cost is driven by different factors depending on the characteristics of the base stations deployed.

Hence, in our study, we propose a novel resource management technique for 5G and B5G green BSs using the game-theoretic approach for cost effective power and supplier selection.

In times of steadily increasing energy costs and with the vanishing resources of the classic, non-regenerative energy sources, we see the challenge of finding new solutions ...

The rapid growth of mobile communication technology and the corresponding significant increase in the number of cellular base stations (BSS) have increased operational ...

Due to harsh climate conditions and the absence of on-site personnel to maintain fuel generators, the company required a reliable solution to ensure the base station's stable operation and ...

The development of the base station core cost approximately 2 billion rubles (\$25 million). The installation of this equipment will provide mobile communications to up to 10 ...

## Cost price of green base station for Afghanistan communications
