

Ecuador outdoor power supply prices

How much electricity does Ecuador need?

Ecuador had a peak demand of 5,110 MW in May 2025, and according to CENACE, electricity demand grows by 360 MW every year. Ecuador's energy shortage could result in a recurrence of power outages, particularly in the dry season of September through December. Ecuador has added minimal generation in recent years.

Where does Ecuador's electricity come from?

Ecuador's state-owned electricity company, CELEC EP, imports electricity from neighboring Colombia. CELEC is also increasing diesel purchases from Petroecuador to power its thermal electric power plants. Ecuador had a peak demand of 5,110 MW in May 2025, and according to CENACE, electricity demand grows by 360 MW every year.

Do I need an adapter to use a charger in Ecuador?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is possible you'll need an adapter to plug the charger into a Ecuador outlet. Ecuador uses electrical outlets and power plugs of types A & B (see images).

Do I need a voltage converter in Ecuador?

Yes, the electrical outlets in Ecuador are the same as in the United States; both countries use power plugs and electrical outlets of types A and B. The voltages used in Ecuador and the United States are also compatible, so you don't need a voltage converter. Do I need a travel adapter for Ecuador?

What is the standard voltage of a power socket in Ecuador?

All power sockets in Ecuador provide a standard voltage of 120V with a standard frequency of 60Hz. You can use all your equipment in Ecuador if the outlet voltage in your own country is between 100V-127V. This is mostly the case in the US, Canada and countries in South America. The standard frequency in Ecuador is 60Hz.

Can I connect my laptop charger to an electrical outlet in Ecuador?

Yes, you can connect your laptop charger to an electrical outlet in Ecuador as long as the outlet is compatible with the charger's voltage and plug type. In Ecuador, the standard voltage is 120V and the standard frequency is 60Hz.
