What is a multi-bay outdoor equipment cabinet?

The Multi-Bay Outdoor Equipment Cabinets are available in 1,2,3,4 or 5 bay configurations. The cabinet is designed for the purpose of mounting 19" ANSI equipment in an outdoor environment. All bays are identical in construction and dimension. [Learn More](#)

Can ICS battery enclosures be custom designed?

ICS battery enclosures, cabinets, and battery racks can be manufactured as standard or custom designed to accommodate any battery string configuration.

Why should you choose Powerplus cabinets?

There are enclosures to suit outdoor or indoor installations. Strong steel cabinets with a high quality powder coating finish promote durability and security whilst being well-suited to protected environments like garages, sheds and other enclosed spaces. Like to choose Australian made? Rely on PowerPlus cabinets to protect your next system.

Why should I choose a pre-wired cabinet?

Make your installation simpler when you compliment your batteries with a pre-wired cabinet built with high quality Australian components. Our pre-wired cabinets can be infinitely scaled by paralleling them, giving you the ability to have small and large systems to suit different needs. There are enclosures to suit outdoor or indoor installations.

What are pre-wired cabinets?

Our pre-wired cabinets minimise the time required to install batteries and inverter equipment on-site. Ranging from small battery enclosures to cabinets, including gear trays you can pre-build and test in the workshop, simplifying site installation. Suitable for protected environments, our Rack cabinets make the most of the available floor space.
