

Huawei double-sided solar panel customization

What is the Huawei smartdesign configurator?

The Huawei SmartDesign configurator it allows you to design and size systems even with the combination of batteries.

What is Huawei software for PV inverters KTL?

The Huawei software for PV inverters KTL is a free,flexible and user-friendly online configuration toolthat supports you to comprehensively plan and design PV systems when consulting and providing solutions for your customers. Use for free SmartDesign 2.0 : Huawei PV inverter sizing and design software.

How to use Huawei fusion Solar Smart-design tool?

Available from the Huawei Fusion Solar platform, you need to create a Huawei Uniportal account to use the Smart-design tool. -Sizing of strings The basic function of the online configurator is to size the strings correctly with respect to the inverter and the photovoltaic modules.

Why should you choose Huawei fusion solar?

It is backed by comprehensive service and support network that ensures reliable and cost-effective operation throughout the lifetime of the system.,Huawei FusionSolar provides new generation string inverters with smart management technology to create a fully digitalized Smart PV Solution.

What is Huawei smart design inverters software?

HUAWEI smart design Inverters software (KTL, Luna...) HUAWEI smart design Inverters software (KTL, Luna...) With SmartDesign 2.0 from Huawei, realize the Vision of your solar PV Power Plant with Full 3D Rendition. Design for maximum yield, high performance, and efficient operations.

Can I use the Huawei configurator with a higher number of parallels?

When using the Huawei configurator,it must be taken in consideration that configurations with a higher number of parallels than the number of physical pairs of input connectors are prohibited by default. Although from an electrical point of view,the MPPT input would accept this type of configuration via an external parallel.

SHINEFAR is one of the most professional bifacial single glass solar panels manufacturers and suppliers in China, specialized in providing high quality custom service. Please feel free to ...

Take note that Huawei optimizer has this design limitation, you can only use 1 string per MPPT if you have optimizer installed. This means that for SUN2000-12KTL-M2 (2 MPPT, 2 ...
