

Huawei enters photovoltaic inverter market

Who owns the global PV inverter market?

The top 10 PV inverter vendors, led by Chinese giants Huawei and Sungrow, controlled 81% of the global market. Huawei and Sungrow alone captured over 50% of the global share, thanks largely to their popular utility-scale inverters, reports the market analyst.

Where can I buy a Huawei solar inverter?

Shop Huawei solar inverter for your PV system. Huawei solar inverters for every system size at the best price with worldwide delivery on Europe-SolarStore.com

Where are Huawei inverters used?

Their products are used in more than 170 countries, by over three billion people. Huawei inverters are used at the world's largest single PV plant, tracking system PV plant and rooftop-mounted PV plant. Huawei's parent company is Huawei Investment & Holding.

How do Huawei solar inverters work?

Huawei inverters innovate and optimize solar energy throughout the entire power generation lifecycle. Huawei integrates cutting-edge digital, internet, and PV technology into their solar inverters. Embedding innovative technology intelligence into the inverters, it connects every object and process.

Who has the largest PV inverter market shipments in 2022?

In 2022, Huawei had the largest PV inverter market shipments worldwide, accounting for some 29 percent of the market. Huawei was followed by Sungrow Power Supply and Ginlong Solis in the second and third position respectively, based on shipments. What are the key features of Huawei inverters?

Some key features of Huawei inverters are: Huawei was founded in 1987 in China. Huawei began manufacturing phone switches and has expanded to telecommunications, mobile phones, consumer electronics, and networking equipment. Their products are used in more than 170 countries, by over three billion people.

Huawei offers intelligent FusionSolar PV+ESS solutions for utility-scale, commercial & industrial (C&I) and residential scenarios in power generation, transmission, distribution and ...

Huawei remains a top-tier producer of photovoltaic inverters, commanding 23% of global market share as of Q1 2025 according to Wood Mackenzie's latest renewable energy ...

Huawei enters photovoltaic inverter market

Chinese companies made up nine of the 10 largest global inverter suppliers in 2024, with total inverter shipments reaching 589 GW (AC), according to Wood Mackenzie. Chinese ...

Last year, Huawei tapped its telecommunication technology to develop solar inverters. It shipped about 1GW of products during the first half of 2014, launching the smart ...

Global solar PV inverter* shipments grew by 56% in 2023 to 536 GWac, with China accounting for half of all shipments as the country's solar demand doubled in 2023, according to the latest ...

Huawei utilizing its experience and scale in electronics and telecom manufacturing entered the ranks of the world's top 10 inverter suppliers. It has invested heavily into the solar inverter ...

The top 10 PV inverter vendors, led by Chinese giants Huawei and Sungrow, controlled 81% of the global market. Huawei and Sungrow alone captured over 50% of the global share, thanks ...

Nine of the top 10 PV inverter suppliers are based in China. Huawei and Sungrow retained the top two positions for the 10th consecutive year, together accounting for 55% of the ...
