

How many Eurogen power generating sets are there?

12 Eurogen Power generating sets in continuous operation for the local users of the islands. Our technical support is always available for timely interventions and repairs, remote control, remote support and plant maintenance. Generating sets manufacturing: for over 40 years, we have been designing generating sets for emergency and self-production.

Which genset containers are available?

All genset containers are also available with an option for -40°C and most variants can be upgraded for +45°C. A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements. For example, we offer several heat recovery configurations and exhaust after treatment systems.

What is the standard ventilation for genset containers?

The standard ventilation is designed for ambient temperatures from -25°C to +40°C. The genset containers can be equipped with several additional features to enable operation at lower temperatures on request. Type 6 containers are available with a similarly broad range of options that we offer for the Type 2 / 3 / 4 containers.

Are battery energy storage systems a good idea in Italy? Storage systems can therefore maximize clean electricity generation and are indispensable for achieving decarbonization goals, thus ...

SITAL is an Italian company specialized in the construction of CONTAINERS, SHELTERS AND MODULAR SUBSTATIONS, suitable to cover any need related to the housing of technological ...

List: top 5 container type generator manufacturer 2025 Amidst the global push for cleaner, more reliable energy solutions, container diesel generators have emerged as ...

Bruno has developed a range of Energy Storage Systems and HYBRID solutions based on Made in Italy batteries with Lithium technology (LiNMC type). 8 production plants and offices all over ...

GENMAC is an Italian manufacturer of generating sets, designing, manufacturing and selling worldwide reliable, safe and resistant electric generators. Genmac has been synonymous with ...

Adopting three level control technology, Energy Storage Power Conversion System is a high efficiency and reliable performance bidirectional power converter from 300kW up to 600kW for ...
