

Nanya Photovoltaic Module Production Project

3 days ago; The project involves the construction of a 2GW high-efficiency crystalline silicon photovoltaic module production base on 6.6ha of land in Nanjiang County, Bazhong, Sichuan, ...

Recently, the main frame of the plant of the Sany Silicon Energy Nanjiang 2GW High-efficiency Crystalline Silicon Photovoltaic Module Production Base Project has been ...

The project constructs a production line of 2G W high-efficiency crystalline silicon photovoltaic modules, with a daily output of 10,000 modules. After the project reaches full ...

The total planned investment for this project is 500 million yuan, covering an area of 100 acres, and is expected to be completed and put into operation by the end of March 2025.
