Could Russia build a nuclear power plant in Niger?

Russia has dangled the possibility of building a nuclear power plant in uranium-rich Niger - a vast, arid state on the edge of the Sahara desert that has to import most of its electricity. It may be deemed impractical and may never happen, but the concept is yet another move by Moscow to seek a geopolitical advantage over Western nations.

Why is Niger under military rule?

Niger has been under military rule since July 2023, when General Abdourahamane Tiani led a coup that ousted the democratically elected President Mohamed Bazoum. Since then, Niger's alignment with Russia has redefined its international relations.
