

# Niue Smart Inverter Manufacturer

Does Niue use solar energy?

Over the last 5 months the total integrated system has resulted in 28.6% of Niue's electricity coming from solar renewable sources, saving over 130,000 litres of diesel. Find out more about Vector Powersmart

How is Niuean PowerSmart generating electricity?

Working with Ministry of Foreign Affairs and Trade (MFAT) and the Niuean Government, Vector PowerSmart designed and built a sustainable generation plant and energy management system for the island, using new solar and battery technology. The 600kW of solar technology has produced 320,000kWh of electricity in the six months since 1 January 2019.

How did the Niue solar project work?

Working on the existing solar plants to establish communication with the Niue Central Power Station. Installing 600kW of solar to increase the islands overall solar capacity to 1.1MW of solar generation. The solar array was installed well inland on high ground to avoid any potential damage from cyclones in the future.

Does Niue have a diesel generator?

The small island nation of Niue, like many other countries in the South Pacific, has relied on diesel generators for their electricity for decades. Niue has historically been supplied by four 500kVA diesel generators which distribute the electricity via two networks across the island.

How long can Niue run without a generator?

Through the addition of an EMS, BESS and more solar to the network Niue can often operate without any diesel generators running for up to 10 hours at a time - on average the generators are switched off for 5-7 hours per day.

Which RENAC inverter has CEIO-21 certificate?

RENAC 1-33KW inverters, 4 series in total, has passed the test on CEIO-21 standard and obtained four certificates for each series from BV. Therefore, RENAC become one of the only a few manufacturers globally who got CEIO-21 certificate for wide range of 1-33KW. Psmart solar inverter. Touch screen 1-6kw. 12/24/48vdc, Built-in MPPT 30/50/60/100/120A.

Solis is one of the world's largest and most experienced manufacturers of solar inverters supplying products globally for multinational utility companies, commercial & industrial rooftop ...

PSMART is a new energy enterprise dedicated to the R&D and manufacturing of solar inverter and UPS, including off grid inverter, off grid solar system, MPPT solar charge controller, ...

Installing Vector PowerSmarts bespoke Energy Management System (EMS) to manage Niue's electricity grid

## Niue Smart Inverter Manufacturer

by balancing the new and existing solar generation, existing diesel generators ...
