

North America 12v Portable Power Bank

What is a 12V power bank?

12V Power Banks are portable battery packs that provide a convenient solution for charging devices on the go. These power banks are specifically designed to deliver a 12V output, making them ideal for charging various devices such as smartphones, tablets, cameras, and even car accessories.

Can a power bank charge a 12V device?

Most power banks deliver the standard 5V power output. However, if you require to charge a device that requires a 12V input, then you need to get a power bank that is capable of delivering the extra power. Usually, this is done via a USB port, a 12V DC port, or via a car cigar lighter type of port.
