

Outdoor power supply with high output power

What is an outdoor Uninterruptible Power Supply?

An outdoor Uninterruptible Power Supply is a power solution designed for critical applications where it's essential that equipment stays running in harsh outdoor environments and significant temperature variations, where an ordinary UPS would fail. Trust TSi Power for these applications.

What are outdoor generators used for?

Outdoor generators are useful in a variety of situations, including disaster preparedness, power outages, sleeping in the car, camping, and leisure. [SolarPlay 5-Year Warranty] This portable power station features a UPS (uninterruptible power supply), which allows devices connected to an AC outlet to be connected to commercial power.

Does TSi power offer outdoor xups?

TSi Power's Outdoor XUPS series of rugged outdoor uninterruptible power supplies is the ideal way to supply backup power in extreme environments. TSi Power offers a comprehensive suite of accessories for the Outdoor XUPS. Mounting brackets, battery heaters, maintenance bypass switches, security solutions, and more are available.
