

# Pack lithium battery replacement

How do you pack a lithium ion battery?

Sealing - In addition to filling and degassing, you will also need vacuum to seal the lithium-ion batteries. Vacuum removes moisture, air, and any impurities in the battery before packing. You will notice that lithium-ion batteries have plastic wraps packed tightly around them. This is done using vacuum pumps.

What is the lithium-ion rechargeable battery pack?

The Lithium-ion Rechargeable Battery Pack is designed for use with all Somfy wirefree external battery-operated motors. Your smart window covering doesn't have to be out of commission while you charge, since our External Battery Pack allows your motorized blinds and shades to continue operating even while charging.

Can a lithium ion battery be replaced?

Replacing a Lithium-Ion Battery: A Step-by-Step Guide Lithium-ion batteries are widely used in electronic devices and applications due to their high energy density and long-lasting performance. Over time, these Lithium-ion batteries may lose their capacity or fail to hold a charge effectively, requiring replacement.
