

# Photovoltaic container prefabricated cabin manufacturer

Who is custom container living?

Founded by Robert Wagoner in 2015, Custom Container Living is dedicated to delivering exceptional, environmentally conscious homes. From solar power integration to innovative water systems, our homes are designed to help you reduce your reliance on external resources and thrive off the grid.

Why should you choose a prefab & off-grid container home?

Reduce your carbon footprint while embracing sustainable living. Our prefab homes integrate seamlessly with natural resources, supporting environmentally sound choices at every step. Self-Sufficiency: Generate your own power and rely on natural resources. Off-grid container homes empower you to live independently.

What is a modular container house?

Achieve versatility and efficiency with Modular Container Homes. These customizable, quick-to-assemble homes suit a range of applications, making them perfect for both residential and commercial spaces. Enjoy unmatched portability with Folding Container Houses.

What is a container home?

Each container home is built to meet the highest industry standards, from expandable homes to modular commercial spaces. Whether you're looking to create a unique living space, a functional office, or a mobile worksite solution, our skilled team and advanced technology are here to make your vision a reality.

What is an off-grid container home?

A 640 sq ft off-grid tiny home with inverter options, delivering sustainability and comfort in a compact design. Perfect for reducing utility costs and enjoying peaceful, off-grid living. In 2024, we proudly launched our line of off-grid container homes to promote energy-conscious, independent living.

Why should you choose eco-friendly container homes?

Choose eco-friendly container homes built with sustainability in mind, using repurposed materials and minimizing waste. Your choice helps reduce environmental impact. Rely on our dedicated support team to assist you every step of the way, from initial design to post-installation.
