

Photovoltaic panel installation site price

How much does solar panel installation cost?

On the high end, solar panel installation can cost over \$40,000. On the low end, it only costs a few thousand. It all depends. Additionally, none of these prices account for incentives like the federal investment tax credit (ITC), which can make your solar system up to 30% more affordable.

Should you install solar panels on your home?

If you live in a sunny state, each solar panel you install on your home will operate more efficiently and produce more electricity daily. If you live in a less sunny state, you'll need more solar panels to produce the same amount of electricity, so your system will be more expensive.

How much does it cost to remove and reinstall roof panels?

It cost \$5,000 to remove and reinstall the panels after the roof was replaced. "If I had known the roof was in such bad shape, I would've replaced the roof before installing the panels," Devin told us.
