

Photovoltaic solar panels at the Bahrain factory

Who makes solar modules in Bahrain?

Image: Ecoprogetti Bahrain-based Solartec Green Energy Factory is building a 25 MW capacity solar module manufacturing facility at the Bahrain International Investment Park. The production equipment will be supplied by Italian provider Ecoprogetti.

Who makes PERC solar modules in Bahrain?

Bahrain-based Solartec Green Energy Factory is building a 25 MW capacity solar module manufacturing facility at the Bahrain International Investment Park. The production equipment will be supplied by Italian provider Ecoprogetti. "The manufacturer will produce high-efficiency mono PERC modules," an Ecoprogetti spokesperson told pv magazine.

Where is the new Bahraini solar factory located?

The new Bahraini factory is located in the Bahrain International Investment Zone on an area of 4 thousand square meters where they will produce more than 80,000 solar panels per year, while it will contribute to creating 50 jobs as well as attracting more investments to Bahrain and possibly to other Gulf Cooperation Council countries.

Why is Bahrain launching a solar panel factory?

Mr Rabih Abdullah said that the factory provides solar panels for new projects of the public and private sectors, indicating that the project will produce panels for the Kingdom of Bahrain and the Gulf Cooperation Council countries, especially that the Gulf region is on the verge of using renewable energy.

Why are there no barriers to solar PV installation in Bahrain?

None of the participants mentioned any reported barriers to installation of solar PV in Bahrain. This is likely because solar panel installation is relatively new in Bahrain and the participants were not clear on the specifics involved. Effective dissemination of information is necessary, as explained later.

Is solar PV a social issue in Bahrain?

Although there are fewer peer-reviewed studies on the social aspects of solar PV compared to technical studies, the present research sheds light on public perspectives on this topic in Bahrain. In fact, it used a cross-sectional design for this purpose.

Solartec Green Energy Factory manufactured and installed the metal structure resembling a tree with solar panels on its branches as a pilot project for the Capital Municipality. To read the full ...
