

# Roof garden with photovoltaic panels

Is the roof of your shed suitable for panels? One question you need to ask yourself is whether the roof of your shed is suitable for solar panels. Adding solar panels to your roof ...

Luckily, there are lots of different ways to use solar panels in your garden, and most aren't that expensive. If the issue is that you don't want solar panels on the roof, and you have ...

Whilst it is increasingly common to combine solar panels with green roofs, true biosolar green roofs are where green roof and solar technologies are integrated in a seamless fashion.

A moving wall that evokes a sailing ship and a roof canopy modelled on a banana tree feature in this roundup, which collects 10 buildings that challenge conventional ways of ...
