

Samoa 5G outdoor base station

Does Digicel Samoa have 5G?

Digicel Samoa announced on Monday that it has officially kicked off its rollout of 5G services with five 5G sites going live in the Apia CBD. The sites cover the Levili Data Centre, FMFMII, NFP building, Tatte building and Frankie mall. Digicel customers with 5G-compatible devices will be able to use 5G in those areas, the company said.

Will Samoa get 5G?

Samoa customers with compatible 5G devices in and around the Levili Data Centre, FMFMII, NFP building, Tatte building and Frankie mall will be among the first in Samoa to experience the power of 5G. Digicel Samoa CEO, Anthony Seuseu, said; "We are thrilled to be the first mobile network in Samoa to go live with 5G.

Does Nokia support Digicel Samoa?

Jae Won, Head of APAC at Nokia, highlighted the company's support for Digicel Samoa in this crucial network infrastructure project. He praised Nokia's AirScale portfolio for its ability to support various deployment scenarios and frequency bands, enabling enhanced mobile broadband services through 5G technology.
