

Seychelles installs solar power generation for home use

Seychelles is expected to save over \$1 million annually once the construction of a solar farm on Romainville Island, off the main island of Mahe, is completed later this year, said ...

The remoteness, the high dependence on fossil fuels, and the high expenditures for fuel imports underscore the economic relevance of a transition towards renewable energy (RE) ...

The Seychelles enjoy favourable conditions for renewable energy (RE) resources, such as wind and solar. However, renewable energy has been very little tapped so far - the only renewable ...
