

US New Energy Storage Project

Historic amounts of energy storage, primarily lithium-ion battery systems, are being added to the U.S. grid, driven by a need to balance renewable generation and to meet load ...

This event will bring together key stakeholders from across the region to explore the latest trends in energy storage, with a focus on the increasing integration of energy storage ...

The U.S. energy storage industry will invest \$100 billion over the next five years to build and buy batteries made in the United States, the American Clean Power Association and ...

3 days ago#0183; PORT WASHINGTON, N.Y., Sept. 9, 2025 /PRNewswire/ -- Autel Energy, a global leader in electric vehicle (EV) charging and smart energy solutions, today announced the ...

In 2025, capacity growth from battery storage could set a record as we expect 18.2 GW of utility-scale battery storage to be added to the grid. U.S. battery storage already achieved record ...

PV arrays at Gemini Solar + Storage. CATL provided the BESS containers and IHI Terrasun served as system integrator. The project was one of the largest to come online in the ...

The Office of Electricity announced \$5 million each to 3 grid-scale energy storage projects that support critical facilities and infrastructure in a power outage or other emergency. ...

Developers added 12 gigawatts (GW) of new utility-scale solar electric generating capacity in the United States during the first half of 2025, and they plan to add another 21 GW ...

AES just completed the first half of Bellefield, which will become the largest solar + storage facility in the US. The 1,000-megawatt (MW) Bellefield 1 project in Kern County, ...

Energy storage resources have become an increasingly important component of the energy mix as traditional fossil fuel baseload energy resources transition to renewable energy ...

6 days ago#0183; From ESS News South Korea's SK On has signed a multi-year battery energy storage system (BESS) supply deal with utility-scale energy storage developer, owner and ...
