

# What is the warranty policy for Canadian city battery cabinets

Are battery storage cabinets safe?

Without the right separation, climate, and safety measures in place, storing batteries on-site poses a dormant but potentially expensive and devastating threat to your work environment. CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them.

How long is a battery warranty?

The total warranty may be longer depending on the battery. For example 7 year total, with 4 years free replacement. It's the three years after the four that are pro-rated. Some batteries don't have any additional "total" warranty like their AGMs which have a long 5yr replacement warranty but no pro-rated warranty beyond that.

What if a battery is not tested on site?

One Year free-replacement, with original receipt. \*\*If battery testing cannot be done on-site, batteries may be returned to Canadian Energy through your RSR. After testing, the battery or its replacement will be returned to you on the next scheduled visit.

Does a GM battery have a warranty?

Some batteries don't have any additional "total" warranty like their AGMs which have a long 5yr replacement warranty but no pro-rated warranty beyond that. A load test will most likely reveal the battery is a goner, which means if you're within the four years then yeah you'll get a new one without any cost to you.

Why do you need a battery enclosure box?

Battery enclosures keep your batteries safe from weather and safe from theft. Battery enclosure boxes also feature locking mechanisms that protect unauthorized people against possible electrical dangers if they happen to be tampering with your equipment.

What are cellblock battery storage cabinets?

CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them. Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels.
